Friends for Fun, Safety and Knowledge

Chapter Director's Spiel

We're well into summer now, and the HOT days of August are here. (Whew, what's worse than HOT?) First and foremost, we sincerely hope that any of you that go out on ANY rides, make extra special sure you keep hydrated, heat stroke is NOT something to mess with, and YES, it actually CAN kill you, if by no other method than you collapsing while riding the bike and have an accident. Please be careful, we want everyone to stick around!

Okay, enough soapbox, let's get to the fun stuff. There's been a few rides this past month (see some of the stories further below), which we're very glad for, we honestly believe that most all of us initially joined GWRRA for the riding, with like-minded people, and hopefully you're staying for all the fun, and this new family that you suddenly acquired. Our last ride of July was an impromptu ride in place of a cancelled scheduled ride, and it turned out REALLY nice (again, see below). While we have rides on the calendar, we want to remind everyone that we've tried to establish different types of rides for the different types of preferences, and there is nothing wrong with you planning an impromptu ride the same day as a scheduled chapter ride especially if it is a type that you don't enjoy. I just ask that you let me know so I can spread the word, some other members may like your idea better and want to join you. There's nothing wrong with having two "chapter" rides on the same day. The important part is getting out there and riding. (Whoops, sounds like I'm on my soapbox again, oh well.)

Check out the ride calendar further below in this newsletter, but of significance in our first chapter weekend ride, Aug 14-15 to Helen, GA, and the Fields of the Wood. We've done this before and everyone has enjoyed it, so seriously give it some thought, even if you've done it before, it's a nice ride and a fun time. We'll be working on details and it will help a lot to have at least a rough idea who is interested, for planning things like lodging, etc. It will be after our August chapter gathering, we'll discuss it further at the gathering, but please let us know soon if you are considering it, to help us do our planning.

Another extended weekend ride on the schedule is over the Labor Day weekend, Saturday, Sep 4 through Monday, Sep 6. We're starting planning for our scheduled ride down the Natchez Trace (roughly where we'll be stopping each night, to look into potential lodging, etc.). Again, to help our planning, please let us know if you are considering joining us on this ride, it should be fun, and hopefully we'll be past the worst of the Hot August.

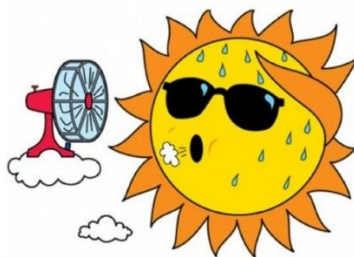

Further below in this newsletter are a couple flyers, one for a ride being put on by Knox County Mayor Glenn Jacobs for Kids, with the proceeds going to the East Tennessee Children's Hospital, on August 29th, and the second one is for a special 20th anniversary ride commemorating 911, being held on Sunday, September 12.

Also below is the flyer and registration form for the TN District Spring Fling Rally, April 28-30, 2022, so check it out and seriously consider participating, it is going to be a whole lot of fun.

One last note, the chapter needs YOUR help (at least one of you), we have an Officer position that desperately needs to be filled. The functions are something that are needed, and without someone in that position, it is incumbent upon the Chapter Director to fulfill the requirements, along with everything else. In other words, **I** need help! The position is that of the Chapter Membership Enhancement Coordinator. There are a few different requirements, nothing really strenuous, but the main one is receiving the monthly membership listing from the District MEC and for those members listed as new members, contact them, and invite them to a gathering to get to know us, and for those members whose membership is about to expire, contact them to remind them (how often do we look at our membership card to see the "expiration date"). If you might be interested in helping out your fellow chapter members (AND your Chapter Director), please contact me and we can discuss it in more detail.

If you have any questions, comments, suggestions of things to do to make all our memberships even more fun, please feel free to contact me and we can discuss them. Take care, stay safe, and we hope to see you soon,

Brian & Loretta Richards, TN-M Chapter Directors

Assistant Chapter Director

Let's all be ready to have fun with our chapter friends when we get out and ride.

If you're planning on going for a ride, make sure you, your gear, and especially your ride, are all at their peak performance level and ready to get out there and have fun. And make sure to be wearing the proper gear for safety and the expected conditions. Ride Safe!

James Whitener, TN-M Assistant Chapter Director

Chapter M "Out Having FUN!"

TN-M chapter ride on Devil's Triangle and lunch at Brushy Mountain Grill, Jul 10th

Brian Richards

We had 4 members, 2 bikes and one car go on the planned chapter ride on the Devil's Triangle. We left early Saturday morning, July 10th with Russ leading, Ken, and Loretta & I bringing up the rear in our car. Russ took us on some roads that I know we haven't been on, he said he hadn't, and I think that Ken said he hadn't also, which was neat. They were nice, scenic, some curvy, secondary back country roads.

Then we rode the Devil's Triangle, had no traffic that we had to contend with, except for some bicycle riders, a couple actually in the way, forcing us to swerve into the other lane to go around them ... on a blind curve, not good!

Overall, we had a nice day, we looked at the iffy weather forecast and felt it was low enough to take a chance, and we were glad, the day was nice. The only rain we encountered was while we were sitting at our table in the Brushy Mountain Grill, eating our lunch, so we just dawdled and took our time. When it was finished, we got back on the road for the last leg home, the roads were damp, but nothing too bad.

We all thought we had a very nice trip, even with the rain, it didn't dampen our spirits, and we enjoyed the trip, the sights we saw, and most of all, the friendship and camaraderie.

TN-M ROMEOS Ride, July 21st

Ken Gray

Joe Courtney and I were the only ones that showed up for the ROMEOS ride. There was a little bit of fog when I left the house, but it was mostly gone by the time I got to Lenoir City. We left the Cracker Barrel parking lot promptly at 9:00 am and headed north towards Oak Ridge. At the split, we took highway 58 over to Blair Road (TN 327). At the intersection with TN 61, we turned left and after a few miles we headed North on US 27. The temperature at this point was around 72 degrees and the skies were partly cloudy. What a great day for a ride. We stayed on US 27 North until we got to Sunbright and then took Burrville Road through Burrville until it intersected with TN 52. The traffic was really light, and it allowed us to ride at our own pace through all the fun curves. We stayed on TN 52 through Jamestown and kept going West through a bunch of uphill and downhill sweepers while taking in the very nice scenery on either side of the road. At the intersection with TN 85, we turned left and headed towards Clarkrange. The traffic was even more remote in this area, and we encountered some challenging uphill, hairpin turns, and some very steep drop offs on the side of the road. This made for some gorgeous scenery, but we couldn't enjoy it too much for fear of running off the road. When we got to Clarkrange,

we stopped at the Cumberland Mountain General Store and had lunch in the Rock-a-Billy diner at the back of the store. After lunch we took TN 62 back to Wartburg. We stopped for gas in Petros, and Joe and I both got around 46 mpg on our trusty Gold Wings since we left Lenoir City that morning. We continued on TN 62 to Oliver Springs. Joe and I turned in opposite directions and headed home from there. I got home around 2:30 pm. For me, the ride was 200 miles, driveway to driveway.

I (Brian) received an email from Joe about the ride, and in it he explained that he has a GPS App called “Relive” that can track your ride, and then render it as a video. Below is a link to the “helicopter” video of their ride, and believe me, it is really neat to watch (you may have to copy the URL and then input it into your browser for it to work):

TN-M dinner ride to Countryside in Vonore, July 27th
Brian Richards

A good group of 19 members showed up at the Countryside in Vonore, set up thanks to Burl McCammon. They put us in a separate section all by ourselves, which was good for us, and probably for them, as we are not exactly “quiet” (except when our mouths are full of food, 😊)

I heard a lot of the usual – laughter and camaraderie, and stories being told. One of the best parts of a group of us getting together. The food was good, the service was very good, our waitress did a really good job of taking care of everyone, getting around to refilling drinks, etc. It was a good evening.

TN-M impromptu ride, July 31st
Brian Richards

We had an impromptu ride on Saturday, July 31st, in place of the originally scheduled ride to the Bush Bean Factory, which was cancelled after we found out that the factory is not allowing the factory tours, still concerned about Covid-19 issues. Ken Gray came up with a really nice 2-part ride, part 1 was a shorter ride to start out, in case the rain that HAD been forecast near the beginning of the week to start around 1pm, did in fact hit us, and a second part extending the ride if the forecast had changed (which it had). Well, since it had changed with the threat of rain gone, and it was a totally clear day, and the predicted heat was delayed coming in, which was even nicer, so for most of the ride, it was fairly pleasant. As it turned out, there was only Ken, Russ Wools, and Loretta and I, but we had a really great time.

Ken's planned ride left the Cracker Barrel back parking lot at 9am. The route took us through Blair, Oakdale, Westel, Rockwood, Midtown and Kingston, with a lunch stop around 11am in Kingston at the Burger Station. Due to the wonderful weather, we went ahead with the second part, which added another loop after lunch and went to Oliver Springs, Clinton and Oak Ridge with a stop at the Dairy Queen in Oak Ridge.

Before we started from the Cracker Barrel, we had another member stop by to say "HI". Robert George, who had had his bike triked last fall but then wasn't able to ride it because of serious back problems which ended up requiring extensive surgery. He contacted me the day before the ride to let me know that he had just received the report from his surgeon that everything looked good and he no longer had any restrictions, yippee! So he wanted to try riding for a couple miles just to see how he felt, and he wanted to ride to see us before we left, but didn't feel he was ready yet for an all-day ride, which was perfectly understandable, but it was great seeing him ride up to where we were sitting at the Cracker Barrel. He said it felt pretty good, so we may be seeing more of him and Sandy in the future, which will be nice.
