# Friends for Fun, Safety & Riding

## Chapter Director's Spiel

The chapter's starting to get busier doing rides, now that the weather has finally gotten more conducive to riding. If you've been on a ride, why not write up a little article for me to put into the newsletter, telling about the fun you had, maybe it will encourage others to try the same ride (and for every article you submit, we give you five 50/25-25 tickets at the next monthly gathering - yes, I'm willing to resort to bribery, LOL).

We're also getting into the District Rallies season, I attended the FL District Rally, March 14-16 in Gainesville, FL, and had a really enjoyable time, catching up with all my FL friends (as well as others from other Districts that also attended). The rally was well attended, I believe the final count was 324, not bad, and it was in a new location, and in my opinion was much nicer, too much traffic and chaos around Altamonte Springs, near Orlando. But we've got many more rallies coming up, in April there's a rally in LA, and the next weekend, April 25-27 is our own TN Spring Fling Rally. Sure hope you're planning on attending, we need to support our own District. It's going to be a lot of fun, and Johnson City is a nice location, with some good riding in the area, which you can enjoy on one or more of the District's planned guided rides, one each day (see the registration form further below).

We're starting to get into our own chapter TN-M riding season, March 30<sup>th</sup> is a ride to/on the Foothills Parkway, a ride that is always enjoyable. Then in April along with our chapter's monthly gathering and our monthly dinner ride, we have a nice scenic ride planned to the Cumberland state park. Once we get into May, there's a bunch of things on the calendar, which you can keep on top of by checking it out on our chapter website.

According to the latest official chapter TN-M membership list from EWMA, we have 22 members, with one in an "expired" category. There is a column in the file for displaying the Chapter each member has designated as their chapter (you CAN have more than one, especially useful for the "snowbirds"). This information is very useful to EWMA, the Region Director, the District Director, and the Chapter Directors. It is also helpful in the use of the Eagle Book (which is EWMA's version of the old "Gold Book"). It is very important and helpful to have all the information as up-to-date as possible. Currently, of our 22 members, only 9 have designated their chapter, so I'd like to work with each of you to help you update your membership information to include your chapter designation. I will be handing out an instruction sheet at the April gathering to those members that haven't updated their chapter yet, hopefully it will make it simple for you to add your chapter designation. If the instructions don't make sense to you, let me know and we will try something else. If you know your login name and password, we might be able to update your profile after the gathering has completed.

Thinking about membership, EWMA is continuing to grow, as some of the officers have said, including our own Region A Director Jim Jackson, growing one member at a time. The latest figures I've heard are that there are over 3,000 "households". EWMA uses that designation rather than individual counts, as it depends on if you join as an individual or under the family membership. But I also heard that we do have over 5,000 members, which is awesome, and we're continuing to grow. And it is up to us to help EWMA grow, by talking with other people and convincing them to join. They do NOT have to ride a Gold Wing, they can ride ANYTHING, and they don't even have to ride at all, they can still participate. And EWMA is adding some awesome benefits.

If you have any questions, concerns, suggestions, comments about the chapter, the District, or even EWMA, please feel free to contact me and we can discuss it, and if you need an answer to something, I will do my best to find out and let you know.

Hope you're all doing well, take care, stay safe, and I hope to see you at a chapter activity soon.

**Brian Richards, TN-M Chapter Director**

**Watch out for April 15th!**

## Assistant Chapter Director

I hope everyone is doing well. The weather has been nice in the afternoon as of late. The morning temps are still a bit low. Just layer up and get out there. As it warms up remove a layer to stay comfortable.

Spring Fling is rapidly approaching. I hope to see everyone there.

## Chapter M “Out Having FUN!”

### Going for a ride, Feb 23<sup>rd</sup>

#### Russ Wools

So, I still haven't learned my lesson. Back Nov 3, 2012, 4 days after buying my first wing, it was 50 degrees in Vonore, TN. I decided to ride Cherohala Skyway and the dragon. Having ridden both dozens of times, I found that there is normally a 10F drop in temperature at the top of the skyway. Thus, it should be 40F at the top. Well, halfway up the TN side I started seeing snow on the side of the road. By the time I reached the top and headed down the NC side the road was 100% snow and ice covered. I had my feet down as skies ½ the trip down the NC side and very slowly at that. The temperature had dropped to 32F. What would normally take around an hour to ride took over 2 hrs. to get to the dragon.

So fast forward to Feb. 23, 2024. It was 54F in Tellico Plains, TN. So again, it should be around 44F at the top. It wasn't but not near as bad. It did start spitting snow on the way up the TN side of the skyway. But there was never any snow or ice on the road. However just after crossing into NC there was snow on

the side of the road. The temperature had dropped to 34F, and the wind was fierce. I should have stopped and put on my rain suit for warmth but all I did was turn on the seat and grip heaters at 45F. As the picture shows, there was complete ground cover on the side of the road but thankfully none on the road. While riding the skyway I only saw a dozen or so cars and zero bikes. It was spitting snow then sleet then rain on my way to the dragon in NC. I made it safely down the skyway and over to the dragon. I at least saw a handful of bikes there. I rode from the campground down to the dam then back to the campground. I then rode back down to the dam and eventually to Maryville. I think I warmed up about 4 hours later. 215-mile day from 0900 – 1800.

**Going for a ride, March 3<sup>rd</sup>**  
**Russ Wools**

March 3, 2024, I headed up Hwy 58 to Blair Rd. I rode over to TN-61, US-27 and TN-328 to Oakdale, TN. I headed down Airport Rd to TN-299 over to US-70. I curved my way up US-70 to Crossville then US-70N to Monterey, TN. I then headed down the very curvy TN-84 to Sparta, TN. I then took TN-1/McMinnville Hwy to Doyle, TN. I made a turn at Gooseneck Rd, crossing over US-70S and TN-111 to reach TN-285. TN-285 is another curvy road and very fun to ride. Reaching TN-30 and the entrance of Fall Creek Falls State Park, I turned into the park. I stopped at the overlook for the main falls. It was starting to get dark, and I didn't think I had time to hike down and back up before complete darkness. I then rode around the scenic loop which still has 1000's of trees down from the storms last year. I then stopped at one of the other overlooks. I hiked down to where I could see Piney Creek Falls. Not as bad as Fall Creek Falls but still had plenty of water flowing. After hiking back up to the bike, I headed back out of the park to TN-30 and over to TN-101 back up to Crossville. I then headed back US-70 to Kingston and home. 245-mile day from 1200 – 2000.

**TN-M ROMEOS ride, Mar 20<sup>th</sup>**  
**Ken Gray**

I arrived at the Cracker Barrel around 9:30 a.m. and Joe was already there. No one else showed up, so we headed out around 9:45 a.m. We took highway 95 past the Melton Hill dam and then zig zagged our way over to route 27 and rode north to Wartburg. We kept going north on route 27 to Sunbright and then turned left onto Burrville Road. We took Burrville Road over to Allardt. The temperature was around 52 degrees by now, so we stopped to take off a layer. We got on route 52 and took that over to Jamestown. We stopped at the Dairy Queen for lunch and I was able to use up my DQ gift card that I got at the Christmas party for coming in third place in the mileage contest. The temperature was now around 62 degrees so off came another layer. I had plenty of layers because it was 38 degrees when I left my house that morning. We continued west on route 52 and rode through a bunch of really fun curves. There wasn't much traffic, so we were able to ride at our own pace. At the intersection with route 85, we turned left and took route 85 over to Clarkrange. There were a bunch of fun curves on this section with a few difficult, uphill, hairpin turns to get the adrenalin pumping. In Clarkrange, we got on route 127 and took that to Crossville. It looks like TennDOT is trying to make route 127 a four lane from Crossville to Clarkrange. It will be a few years before that project is completed. In Crossville, we made the customary stop at Buc-ee's for a restroom break. I love their very large and very clean restrooms. We took route 70 back to Harriman, where Joe and I split up to go home. I got home around 3:30 p.m. The weather was perfect, the scenery was beautiful, and the traffic was light. We couldn't ask for better conditions for our ride. For me the ride was 207 miles, driveway to driveway.

**TN-M Dinner ride, Mar 26<sup>th</sup>**  
**Brian**

We had a good group for our monthly dinner ride, this month to O'Charley's in Turkey Creek, thanks to Russ Wools. We had 14 members together for a good meal and enjoyable camaraderie. We even played the quarters game, which we had forgotten about for quite some time, and Karen Fisher raked in the dough!

The trip for most of us to the restaurant was not great, between the usual "rush hour" traffic, and the lingering rains all around, but we actually had some bright sunshine for the trip home, hopefully not in anyone's eyes while they were driving.
