Friends for Fun, Safety & Riding

Chapter Director's Spiel

Well, hope you're all doing well, and I hope to see you at a chapter activity soon. It looks like, for the most part, other than occasional spells, we're past the hottest part of our summer, and the rides are getting into more comfortable temperature ranges. The few latest rides we've actually had to layer as they were fairly cool to start out but warmed up as the day progressed. Our latest ride, to the Lookout Mountain near Chattanooga, for me started out at 62 degrees at a little past 7:00 am when I left home to get to our ride starting point, and I saw 92 degrees a couple of times on my bike's gauge, as the day progressed. A 30 degrees change is significant.

That brings up the need for adequate planning for your gear, layers of different types, to keep you warm when it's still chilly, but down to the last layer that is still protective but allows air to flow and that "breeze" to help cool you down a bit. And please remember you STILL need to keep hydrated. We've still got plenty of good riding weather to come, so keep watching the newsletter, email messages and notices at the Chapter gathering of upcoming activities. We hope you have many opportunities to join us.

As I'm writing this, in preparation to sending the newsletter out before I "leave", I'm making the final packing activities for my trip to the EWMA Rendezvous II in Green Bay WI. The trailer and bike are all cleaned up, greased up, and partially packed, awaiting the last few items that go in tomorrow morning just before I leave. I'm looking forward to an enjoyable trip there and back home, as well as a great time at the Rendezvous. I'm volunteering for a couple things, I'm giving a Safety Presentation, and I'm hoping for an opportunity to go on at least one guided ride. I'll also be checking out the vendors and guest speakers, and very importantly, getting back together with the many friends from other districts and locations that I've made over the years – that's the best part of these rallies. And I'm sure there'll be some good stories from those of us that attend the Rendezvous, at our next chapter gathering, September 10th.

In the meantime, please take care, stay safe, and we hope to see you at a chapter activity.

Brian Richards, TN-M Chapter Director

Assistant Chapter Director

Well folks, I'm on my extended trip out to the Rendezvous and other planned locations, hope everyone's doing well. See you at a chapter function when I get home.

Russ Wools, TN-M Assistant Chapter Director & Chapter Safety / Ride Coordinator

Chapter M “Out Having FUN!”

Cumberland River Ferry, August 10th

Brian Richards

We had a good day for a ride, after all the really HOT days we’ve been dealing with, and 7 of us, on 7 bikes (6 Gold Wings and 1 Harley), took advantage of it. We had the scheduled ride to the Cumberland River Ferry, and it did well. Russ set up a really enjoyable route, some fun roads, some good stops, a good lunch at the Sunset Marina at Dale Hollow Lake near Monroe TN. After the marina we had some more fun riding to the Cumberland River ferry crossing. Our timing for arriving there was absolutely perfect. As we rode up to the boarding dock, the other side waiting to come across to our side was FUN of vehicles, but we were all by ourselves, and just as we stopped, the ferry finished lining up for us to pull on. Good thing there wasn’t any other traffic on our side, with one truck in front of us on the ferry, our 7 motorcycles filled the ferry. After the QUICK couple minute ride across the river, we were back on the road.

Russ continued the great roads on the way home, lots of curves, a few challenging hair-pin curves on 58, but manageable. One final gas stop and the last leg of the trip home, through Oak Ridge where some split off onto different roads the rest of the way home. For me, the total day’s ride was 353 miles, quite a day, but a wonderful time riding, with friends.

TN-M ROMEOS Ride, August 21st

Ken Gray

I think I should rename this to the Three Amigos Ride because it seems like it is always me, Butch and Joe that show up for the ride. The three of us arrived at the Cracker Barrel around 8:45 am. It was partly cloudy and 62 degrees. What a perfect day for a ride. We left at 9:00 am. and rode past the Melton Hill Dam entrance. At the split we took 58 South to 327 North. Around Dyllis, we turned onto Old Harriman Highway and took that to Oliver Springs. Then we took route 330 to 116. We rode through Briceville and Fratersville. There were lots of fun curves, but no difficult, uphill, hairpin turns this time. At Rocky Top, we stopped at the Weigel's for a restroom break. We had gone about 50 miles at that point and the temperature was climbing, so we removed a layer and proceeded on route 441 to the Norris Dam overlook. After a few minutes of enjoying the beautiful view from the overlook, we continued on route 441 South to Raccoon Valley Road. Heading west on Raccoon Valley Road, there is a one lane underpass that goes under some railroad tracks. You have to make sure no one is coming the other way before proceeding through the underpass. Raccoon Valley becomes Edgemoor Road at the intersection with 25W. We continued on Edgemoor road towards Oak Ridge. At Union Valley Road, we turned left and left again, stopping at Woody's Bar and Grill for lunch. I had the Little Woody Burger, and it was almost too much for me to eat. But I conquered it and finished my hash brown casserole too. We all enjoyed our lunch and decided we should eat there again sometime. The temperature had gotten into the mid 70's by the time we finished lunch, so off came another layer. Joe headed back to Clinton and Butch and I rode through Oak Ridge and took the Oak Ridge Turnpike back towards Kingston. We split up at the split with me continuing on 58 South and Butch took 95 South to Loudon. This was one of our shorter rides. Only 112 for me, driveway to driveway. I got home around 1:00 p.m.

TN-M ride to Lookout Mountain, August 24th

Brian Richards

We had a good day for a ride, there were 4 of us, Ken, Butch, a rider that had met up with some of our members before and rode on a ride with us before, and me. Since Russ was already on his extended trip to the EWMA Rendezvous, Ken was gracious to come up with a nice route for us and did a good job leading the ride.

The morning started out fairly cool, but as the day progressed, it started warming up, a LOT, till it reached 92 according to the gauge on my bike. Thank goodness for layers.

Ken led us right past the entrance to the Lookout Mountain/Ruby Falls, to get us to the planned lunch stop and a Logan's Roadhouse just a couple miles from the entrance. We all enjoyed some good food, then the rider had to leave us to get home for a problem that cropped up at home, so it was just Ken, Butch and I for the rest of the ride. We rode back to the entrance and up to the parking lot for Lookout Mountain.

The views from the top of the tower at Lookout Mountain were stupendous, and the lady there was nice enough to let us just go up the stairs to the tower without paying the admission fee, thankfully, as it is fairly at \$26.95. And they have a guided tour, but the next one we could have signed up for wasn't for another 3 hours and we certainly weren't going to wait for it.

After leaving the mountain, it was a decent ride together to the gas station at the corner of 58 and 68, for a quick butt-break. At that point we split up, Ken and Butch went on 58 back towards home, and I continued on 68 to I-75N to home. For me it was a total of 282 enjoyable miles.
