Friends for Fun, Safety & Riding

Chapter Director's Spiel

Well, We're into the fall season, and the fall foliage is starting to turn, although probably due to the drought conditions we endured this summer, the colors, for a good portion, are not as vibrant as we would hope, more subdued, but I have seen a few trees in amazing oranges and reds. Hope you can get out for some viewing.

I'm just back from a 2-week trip to attend two rallies, one in Blackwell, OK, and the final rally of the season in Biloxi, MS. Both were enjoyable, as usual, lots of friends to catch up with. Our next rally to be looking forward to will be the FL District Rally next year, March 13-16, back in Gainesville, FL again. The trip was nice, some good traveling, although going through some parts of MO and KS, were somewhat boring, miles and miles of fields, but at least the weather was decent, it wasn't that long ago that the heat would have been unbearable, but not now, if anything, the COOL temperatures in the morning were "refreshing".

Just a reminder for any rides you may go on soon, it's the fall season, well named as the leaves are "Fall"ing and something you need to be careful of, leaves on the roads, especially if they are wet (either from rain, or the early morning dew) can be very slippery, so you need to be more watchful.

We're approaching the yearly holiday seasons, and we send out our wishes for everyone to have a very special time, getting together with family and friends, and enjoying the festivities. Please enjoy yourselves, safely, and be mindful of the reasons for the holidays, being Thankful for our freedoms and our families.

In the meantime, please take care, stay safe, and we hope to see you at a chapter activity.

Brian Richards, TN-M Chapter Director

Assistant Chapter Director

We have had some awesome fall weather recently. I hope everyone was able to get out and enjoy it. As we enter the holiday season, I hope everyone has a wonderful time gathering and celebrating with all their friends and family. I want to wish everyone has a Happy Thanksgiving.

Russ Wools, TN-M Assistant Chapter Director & Chapter Safety / Ride Coordinator

Chapter Clothing/Flags & Hats

Questions about chapter "shirts"? Contact either Marlene or Brian. We also have a great source for shirts and vests and where to get them embroidered as desired and patches sewn on, with Terrilynn Brown of TJ Brown Enterprises LLC, the EWMA authorized source.

Chapter M "Out Having FUN!"

Chapter Dinner Ride, August 27th

Ken Gray

There was no planned ride to dinner, so Butch and I decided to come up with our own ride. We met at the Weigel's in Lenoir City around 3:00 pm. The high temperature that afternoon was supposed to be around 93 degrees, so we made sure to pack some ice water and plan a couple of hydration stops for the two-hour ride. We took route 321 through Maryville and on to Townsend. With all the asphalt and concrete in Maryville absorbing the sun's heat, the temperature was 94 degrees. We really felt it at the stop lights. In Townsend, we stopped at the Visitor's Center and went inside to get out of the sun and enjoy some air conditioning. We picked up some brochures for future tourist stops and used the facilities. The building had a covered front porch with rocking chairs, so we sat on the front porch and drank some ice water for a few minutes before heading on down the road. We continued on route 321 to Wears Valley and then got on the Foothills Parkway. After climbing in elevation for a little bit the temperature dropped down to a pleasant 88 degrees. Also, there was a good bit of shade on the Parkway making for a very enjoyable ride with fun curves and beautiful scenery. Most of the traffic seemed to be going the other way, so we had our lane all to ourselves and were able to ride at a decent pace. We saw more motorcycles than cars on the Parkway. After a few miles, we stopped at a scenic overlook, parked in the shade and drank some more ice water. We continued on the Parkway almost to the Look Rock overlook where we turned onto Butterfly Gap Road and then took Flats Road down to Happy Valley Road. We rode down the mountain through Montvale where there were several hairpin turns, but they were downhill, so not too difficult. We turned left on route 336 and after a few miles we turned onto Coning Road, then took Carpenters Campground Road over to Mint Road. At the intersection with Niles Ferry Road, we turned right and arrived at TC's Grill around 5:40 p.m. Eleven people showed up for dinner. We had good conversations and great food. Everybody had a good time. Vida decided that George will pick Calhoun's at the Lenoir City marina for next month's dinner ride.

Chapter ROMEOS Ride, September 18th

Ken Gray

I arrived at the Cracker Barrel around 8:45 a.m. Butch was already there and no one else showed up. Butch and I left at 9:00 a.m. and took highway 70 through Kingston and Rockwood. In Crossville we turned on route 392 and then 127 to the Cumberland Mountain State Park. We took a restroom break at the park and toured the little Civilian Conservation Corp (CCC) museum. The CCC was a federal Depression Era Program that helped to get the economy going again by providing jobs to the many unemployed people and veterans. They built many of the structures in our state and national parks along with roads and bridges. After that short little break, we took highway 101, then 285 to highway 30. This is the road that goes past the entrance to Fall Creek Falls State Park. The Temperature was around 72 degrees and there were many dark clouds, but no rain in sight. I was constantly having to flip my sun visor up and down as we rode between the clouds. The traffic was light and there were many fun curves. We ended up on highway 111 and took that to Sparta where we had lunch at Yanni's Grille. I have eaten there many times and have not been disappointed. It is a Greek Restaurant that serves Italian, Greek and American food. I had the Chicken Parmesan with salad and side of spaghetti. After lunch the temperature was in the upper 70's, so off came a layer. From Sparta, we took highway 84 to Monterey. This road had many more fun curves and pretty scenery with practically no traffic. In Monterey we got on highway 62 and rode that through Clarkrange to Wartburg. Then we took highway 27 to Harriman and 61 to 327. At the intersection with 58, Butch and I split up to go home. I got home around 3:15 p.m. For me, the ride was 230 miles, driveway to driveway.

Chapter B-Rock & Muddy Pond Ride, October 5th

Brian Richards

We had 7 members go on the ride to B-Rock and then Muddy Pond, a ride planned by Russ as a replacement for the scheduled ride the Lake Lure, which we heard was unapproachable due to Hurricane Helene damage.

It was a really nice day for a ride, a little cool starting off, but the temperature got into the comfortable range fairly soon, and the sun was shining, just what we wanted. Russ led us on mostly back/secondary roads, many with some fun curves, and lots of interesting scenery. We were kinda hoping to maybe see some fall colors, but it was probably a week or two too soon.

Some of our group had been to B-Rock before, but others had not, so it was fun seeing their awe and amazement for the fantastic views from the rock overlook. After enjoying the scenery for a bit, it was back to the bikes and on to the next stop, which was the stores at Muddy Pond. After some "window" shopping, and a purchase or two, it was on to the set of buildings that have food. They have a nice set up to quickly get the customers their food and out. After we got our sandwiches, several of us went outside to a picnic area under a roofed setup, and enjoyed our sandwiches.

After lunch, we went a little further down the road to the Muddy Pond Variety Store, where more purchases were made, especially the "fried pies" they had waiting for us.

Then it was back towards home, with a quick stop to gas up for the rest of the day's ride.

Russ Wools

Hurricane Helene put a damper on our planned ride to Highlands and Lake Lure, NC. It would have been a wonderful ride. Unfortunately, the hurricane decimated most of the area we planned on riding to. Most if not all the roads were closed preventing us from riding there. So, I came up with an impromptu ride to Bee Rock and Muddy Pond. Brian, Ken, Butch, Randy, Marlene, and Guy, joined me on the ride. We took US-70 to Crossville. At the round-a-bout we took TN-392 and then TN-101 south to TN-285. We stayed on TN-285 until it turned into Hodges Bridge Rd after crossing TN-111. We then took Gooseneck Rd to McMinnville Hwy back up to US-70 in Sparta. After a brief pitstop in Sparta, we took a short trip east on US-70 to TN-84. We wound are way up TN-84 to US-70N in Monterey, TN. We stopped at Bee Rock and hiked back a few hundred yards to the overlook. The leaves really hadn't started to turn down in the gorge below, but the view is still amazing! After hiking back to the bikes, we continued up US-70N and Holly St to TN-62. One block over we turned onto TN-164. We then turned onto Union B to head over to Muddy Pond. We ate lunch at the Country Porch. The sandwiches there are always very tasty. We then hit the leather shop and General store before hitting the Variety Store. Needless to say, some fudge and pies were purchased. From Muddy Pond we continued back to TN-62 all the way to Oliver Springs. Most everyone split up from the gas station at TN-116 and TN-62. In all it was an outstanding ride, with great weather. Cracker Barrel to the gas station was ~188 miles.

Chapter Ride to Mercier's Apple Orchard, October 12th
Brian Richards

We had 11 members on 9 bikes go on the ride to Mercier's Apple Orchard, which made for an exciting ride, it's nice to have a good-sized group riding and having fun together. We started out from the Cracker Barrel with 8 members on 7 bikes, and one couple joined up with the group part way along, then the last member and bike joined a little further on.

We had a surprise when we got to Mercier's, it was the weekend for their special "Harvest Festival", and it was PACKED. Vehicles were parked all over the place, talk about being in the back 40! There were cars all up and down the surrounding hills, thankfully we had relatively decent but spread out parking for our bikes.

Once we got inside the building, it was a MAD HOUSE! Lines everywhere, for everything. We HAD been planning on having lunch there, because we were going to be getting there early and before what we thought would have been the lunch/afternoon crowd. Whoops, got that wrong. Plus, none of us saw any signs for a restaurant, so they may not have that anymore.

Anyway, after several of us got treats, like fried pies, kettle-corn, and bags of apples, it was time to leave. We looked at the road we would be turning onto from the parking lot, and the traffic was stop-and-go (much more stop than go), waiting to turn into the parking lot, for an estimated 2 miles! Thankfully Russ did some quick internet research to find another way around, AND somewhere we could go for lunch, so the secondary portion of his planned ride for the day took a turn south, but what the heck, we weren't lost, we were just on an adventure.

As we were getting closer to "back home", a couple of the bikes peeled off for a different route to their home, until the last 4 of us arrived at the scheduled ice cream stop at the Tic-Tok in Loudon, only to meet another member who had figured out about when we'd get there and wanted to meet up with us. So, we enjoyed some more camaraderie and of course ice cream, then we all split our own ways to get back home.

I personally got into another traffic jam, when I left Loudon, I figured staying on 11 and going north on 11 and Kingston Pike would be a mess, so I just hopped on I-75. Well, as I approached Lenoir City, the over-the-interstate sign warned of "Traffic Congestion starting at MM81", and yep, there it was, backed up from I-40, I figured from the traffic going to the game, so I got off the interstate at exit 81, and took a bunch of secondary (and maybe tertiary) roads back till I could get onto I-640 and back to home in Corryton. The whole day for me ended up totaling 280 miles, but it was a nice day with everyone.

Russ Wools

We had Brian, Ken, Randy, Marlene, Butch, Joe, Darrell, Sandra, Guy and Lori join me for the ride to Mercier Orchard. We started out with just 7 of us. Guy and Lori met us in Greenback, on US-411. Then Sandra met us in Vonore, on TN-360. We rode TN-360 to Tellico Plains, stopping at the visitor's center for a break. We then took TN-68 to McCaysville, GA. There was a bit of police action in a parking lot that distracted me a bit, causing me to miss the turn on GA-5. After getting turned around and headed the correct way on GA-5 we stopped at the orchard. The whole state of GA and half of TN must have been there. To say the least, it was quite crowded. After finding some of the scarce parking, we made our way inside. Many pies, apples and other goodies were purchased after waiting in long lines. We did not see the restaurant there that we had eaten at in the past, let alone the wait we would have endured. So, we headed out for the Hardees in Postelle, TN. We had to turn right out of the orchard thankfully as the line to enter was about 50 -75 cars blocking all traffic turning left. We made our way to Blue Ridge, GA and over to GA-60 to get back to McCaysville, GA. We took TN-68 to US-74 and stopped for lunch. After lunch we continued on US-74 to TN-30. We followed TN-30 and TN-315 to TN-39. We took TN-39 to Englewood and US- 411. We stopped in Madisonville, TN on TN-68 for a rest and gas. Most everyone split from there. Brian, Randy, Marlene and I continued TN-68 to US-11 and up to Tik Tok in Loudon for some ice cream. Burl surprised us as he was there waiting on us for a bit, enjoying some ice cream. We split up from here. It was another great day. From Cracker Barrel to Tik Tok was 195 miles.

Chapter ROMEOS Ride, October 16th

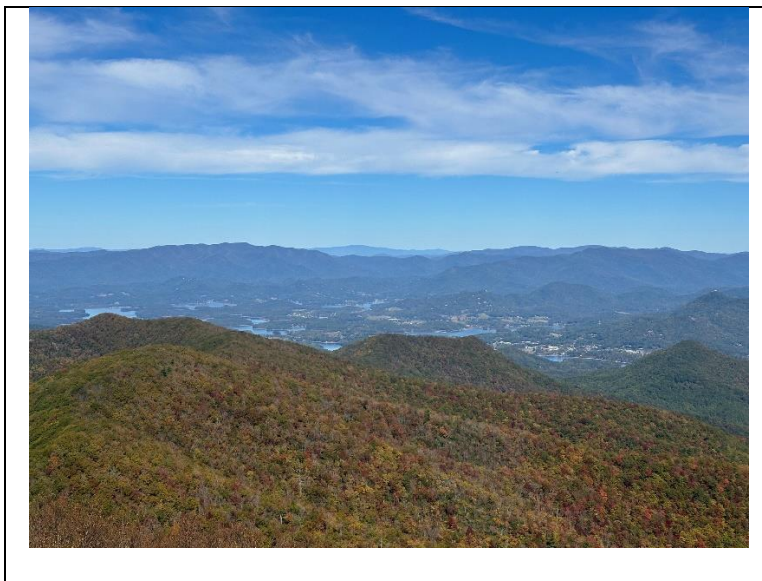

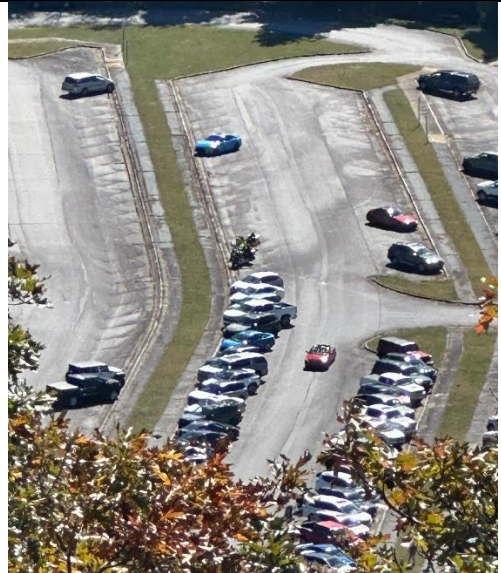

Ken Gray

It was 40 degrees when I left the house this morning, but the sun was just beginning to get above the trees, so I knew it would warm up pretty quickly. Only the three amigos showed up for the ride, so we left the Cracker Barrel at 9:00 am. The sun was now well above the trees and the temperature had risen to 45 degrees. I chose the proper winter riding gear, so I never got cold. I didn't even have to use the heated grips or heated seat. We took Highway 70 over to Farragut and then Watt Road to Hickory Creek. We rode through Hardin Valley and Karns, then took highway 131 through Powell and Corryton. In Corryton, we got on highway 33 and rode towards Maynardville. It was a pretty boring ride up to this point with plenty of traffic and stoplights. Then everything opened up and there was no traffic or stoplights for many miles. After several miles on highway 33, we turned left onto highway 61. This section of roadway had plenty of curves with several 10 mph switchbacks. Still no traffic, so we were having a good time. After enjoying the curves on highway 61, we turned right onto highway 441 and rode through Norris Dam State park. We stopped at the Visitor Center for a restroom break and then continued on to Rocky Top where we had lunch at the Cracker Barrel. They had the fireplace going, so you could stand in front of it for a few minutes to take the chill off if you needed to. Butch and Joe both said they were warm enough during the first leg of the ride. I had a steaming hot cup of coffee with my lunch, so I was quite warm when we left. After lunch, we took Dutch Valley Road to Oliver Springs and then Old Harriman Highway to route 327. We split up to go home at the intersection with highway 58. The temperature was 55 degrees when I got home. For me, the ride was 124 miles, driveway to driveway.

Chapter ride to Brasstown Bald, October 19th
Russ Wools

Randy, Marlene, David joined me on the ride to Brasstown Bald. We took TN-444 from Lenoir City to TN-72. In Vonore, TN we took US-411 to TN-68. We continued on TN-68 to TN-123/NC-294. My GPS then got a mind of its own and tried to get us to take US-60 to some back roads over to US-19. After a slight U-turn back to US-74 we found US 19 and continued south. We stopped for lunch at Dan's Grill in Blairsville, GA. Dan's Grill is a Cuban style restaurant and the food was outstanding. After lunch we continued south on US-19 to GA-180 over to Brasstown Bald. We got a bit concerned when we arrived as we were about 10 back in line. But once through the pay booth portal, we found the parking lot only about 1/3 full or less. We rode the shuttle up to the overlook. What a view!!! 360 degrees of scenery. TN, NC, SC and GA. It was a little hazy but still amazing. After several pictures and a shuttle ride back to the parking lot, we headed back home. We rode back GA-180 to US-19. Only we continued south on US-19 back to GA-180 over to Suches, GA. Then we took GA-60 north. Just shy of McCaysville, GA we took Airport Rd to US-74. We then returned to TN-68 back to Tellico Plains, TN. We took TN-360 back to Vonore to US-411. We then stopped for ice cream at Rocky's in Greenback, TN. This is where we ran into most of chapter A-2. We split up after our very delicious ice cream. A very good day again, with great weather. From Cracker Barrel to Rocky's was ~250 miles.

Upcoming Chapter rides & events

(For further info, please contact the CD):

- Dec 7 - TNM Christmas party
- Dec 31 - TNM New Year's Eve Get-Together

Upcoming "District" / "Nearby" rides & events

- Nov 9 - TN District Ride, Green Tomato, Mooresburg
- Mar 13-15, 2025 - FL District Rally, Gainesville, FL, [see flyer below](#)
